About ATCA

The Air Traffic Control Association (www.atca.org) is dedicated to the progress and safety of air traffic control and works to advance the technology and professionalism of the industry. Founded in 1956 by a group of air traffic controllers, ATCA serves more than 3,5000 members from throughout the world—individual air traffic controllers as well as aviation associations, educational institutions, the government and military, and companies managing and providing equipment and services in the aviation community.
